

# Mobile Foam Cart

**Model:PY/A series**

## Features

- 1) Mobile; highly maneuverable.
- 2) Ready for instant operation.
- 3) Simple to use.
- 4) Capacity of 100 litres, 200 litres, 300 litres, 500 litres for option.
- 5) Wide range of applications.

## Description

The FOREDE Mobile Foam Unit is designed to provide mobile firefighting foam capability for various hazardous areas where flammable liquids are present. Common applications include tank farms and refineries, loading areas, chemical processing plants, diked areas, warehouse facilities, paint storage areas, and other manufacturing areas where flammable liquids are a hazard.

The FOREDE Mobile Foam Unit is a highly maneuverable wheeled cart consisting of a carbon steel tank with two built-in hose storage locations, an eductor with metering valve, and two lengths of fire hose with a choice of foam nozzles.

**Specification**

Mobile Foam Cart		
<b>Material</b>	Tank	Carbon Steel
